

LEONARD PETERS-SMITH

Creative Consultant

Leonard Peters-Smith leads creative projects for major brands and agencies around the globe. His record proves that he develops integrated digital and traditional marketing campaigns for target specific consumer groups within the general market. His strengths include Executive-level Client Relations, and Brand Creation and Revitalization, that bring stakeholder concepts and ideas to life.

Consistently deliver excellence: Regularly tapped by clients to lead challenging projects to analyze, assess, and implement resolutions

Exceptional ability to drive change: Strategy Architect, Change Agent, with team building ability and business acumen with distinctive understanding of people and systems

Technically Proficient & Detail-Oriented: A highly analytical troubleshooter always looking for ways to cut costs without sacrificing quality of work
